Vorwort

Covid-19 wird sich auch auf das Messejahr 2022 auswirken. Die meisten Veranstalter in Deutschland und Europa sind optimistisch. Aber in vielen Ländern der Welt sind die Impfkampagnen noch nicht so weit fortgeschritten wie in der EU, deshalb sind auch in 2022 Verschiebungen und Absagen zu erwarten und sei es nur, weil Messetermine nach Verwerfungen der letzten beiden Messejahre neu aufeinander abgestimmt werden. Deswegen verzichten wir für 2022 auf einen gedruckten Messekalender und führen nachfolgend alle Termine so auf, wie Sie uns im Herbst 2021 bekannt sind. Wie schon in 2021 werden wir diese PDF-Datei von Zeit zu Zeit aktualisieren. Wenn Sie ein regelmäßiges Update wünschen, sendet Ihnen Christine Döhler gerne einen Registrierungslink für unseren Newsletter zu: christine.doehler@vdma.org

Neben dieser PDF-Datei gibt es im VDMA-Internetauftritt diesen VDMA-Messekalender auch in elektronischer Form. Die Suche nach für Sie relevanten Messen wird durch die Anlehnung an die VDMA-Strukturen noch einfacher. Sie finden die Datenbank unter

VDMA Messeservice Deutschland bzw. VDMA Messeservice weltweit.

Diese Daten basieren auf der Messedatenbank des Messeverbands AUMA e.V. und wird laufend aktualisiert.

Preface

The impacts of Covid-19 will continue to be felt during the 2022 trade show year. Most organizers in Germany and Europe are optimistic. But in many countries of the world, the vaccination campaigns are not yet as far advanced as in the EU, so postponements and cancellations should be expected in 2022, if only because trade show dates are being realigned after distortions in the last two trade show years. For this reason, we will not be publishing a printed trade fair calendar for 2022 and will list all dates below as they are known to us in the fall of 2021. As in 2021, we will update this PDF file periodically. If you would like a regular update, Christine Döhler will be happy to send you a registration link for our newsletter: christine.doehler@vdma.org

In addition to this PDF file, this VDMA trade fair calendar is also available in electronic form on the VDMA website. For your convenience, you may search for trade fairs relevant to you based on your branch within the VDMA. You can find the database at

VDMA Trade Fair Service Germany or VDMA Trade Fair Service worldwide.

This data is based on the trade fair database of the trade fair association AUMA e.V. and is updated continuously.

Von den Einschränkungen, die mit der Covid-19-Pandemie einhergehen, sind natürlich auch die Veranstaltungen im Auslandsmesseprogramm (AMP) betroffen. Das Bundesministerium für Wirtschaft und Energie (BMWi) sieht im AMP aber weiterhin eine wichtige Säule der Wirtschafts- und Exportförderung und hat sein Unterstützungsangebot angepasst, aber nicht eingeschränkt. In 2021 hat es auf Absagen und Verschiebungen im Sinne der Aussteller reagiert und die Rahmenbedingungen für die Teilnahme verbessert. Für 2022 ist ein umfangreiches Programm geplant und umfasst rund 90 maschinenbaurelevante Messen. Wir hoffen auf eine Durchführung möglichst vieler Projekte, damit die Maschinenbauunternehmen ihre Präsenz in den wichtigsten Exportregionen aufrecht erhalten können. Die Veranstaltungen des AMP sind im Folgenden entsprechend markiert.

Informationen über aktuelle Entwicklungen und Projekte im AMP und zu anderen wichtigen Messthemem erhalten Sie über die Newsletter der Fachverbände sowie auf unserer **Internetseite**.

Bei Fragen zu maschinenbaurelevanten Messen weltweit stehen Ihnen das Referat und Ihr Fachverband gerne zur Verfügung.

Mit freundlichen Grüßen

Thilo Brodtmann
Hauptgeschäftsführer
Chief Executive

The restrictions associated with the Covid-19 pandemic naturally also affect events in the Foreign Trade Fair Program (AMP). However, the German Federal Ministry for Economic Affairs and Energy (BMWi) continues to see the AMP as an important pillar of business and export promotion and is continuing to provide support in a modified form. In 2021, it has responded to cancellations and postponements in the interests of exhibitors and improved the framework conditions for participation.

An extensive program is planned for 2022 and includes around 90 trade fairs relevant to mechanical engineering. We hope that as many as possible will take place so that mechanical engineering companies can maintain their presence in the most important export regions. AMP events are marked accordingly below.

You can find information about the latest developments and projects in the foreign trade fair program and on other key topics related to trade fairs in the newsletters of the trade associations and on our website.

The office and your trade association will be happy to help with any questions on mechanical engineering-related trade fairs worldwide.

Sincerely,

Dr. Alexander Koldau
Leiter des Referates Messen und Symposien
Head of the Trade Fairs and Symposia Department

Wissenswertes zur Nutzung des Messekalenders

Dieser Messekalender soll interessierten Mitgliedsfirmen eine Planungs- und Entscheidungshilfe über das weltweite Messeangebot bieten. Die Daten des Messekalenders stellen keine Empfehlung zur Teilnahme oder zum Besuch einer Veranstaltung dar. Ebenso wenig kann ein Anspruch auf Vollständigkeit oder eine Gewähr für die Angaben übernommen werden.

Die Auswahl der geeigneten Veranstaltung bedarf einer sorgfältigen Prüfung. Das Referat Messen und Symposien sowie die Fachverbände des VDMA bieten interessierten Mitgliedsfirmen hierbei Hilfe und Unterstützung an. Der vorliegende Messekalender wurde in Abstimmung mit den im Auslandsmesse-Geschäft besonders aktiven Fachverbänden erstellt.

Er enthält maschinenbaurelevante Messen und Technologie-Symposien, die

- zu den Schwerpunktveranstaltungen der einzelnen Maschinenbau-Branchen weltweit zählen,
- etablierte Veranstaltungen des jeweiligen Marktes sind,
- (überwiegend) auf Antrag des VDMA eine Beteiligung des Bundes aufweisen

sowie Messen,

über die weitergehende Informationen vorliegen und die nach Ansicht des VDMA auf eine entsprechende Mindestgröße und Internationalität dieser Veranstaltung schließen lassen.

Useful tips on using the trade fair calendar

This trade fair calendar is intended to help interested member companies with planning and decision-making in relation to the range of trade fairs held worldwide. The information in the trade fair calendar should not be seen as a recommendation to take part in or attend an event – nor does it make any claim to completeness. No liability is accepted for the information provided.

Choosing a suitable event takes careful consideration. The Office for Trade Fairs and Symposia and the trade associations at VDMA provide help and support to interested member companies. This trade fair calendar has been compiled in consultation with the trade associations that are particularly active in the business of trade fairs abroad.

It contains mechanical engineering-related trade fairs and technology symposia

- that are among the focus events of the individual segments of mechanical engineering worldwide,
- that are established events in the respective market,
- in which the Federal Government is involved (largely) on behalf of VDMA, and

as well as trade fairs,

about which there is detailed information that, in the view of VDMA, indicates that the event has a sufficient minimum size and level of internationality.

Der internationalen Ausrichtung des Messegeschäfts entsprechend, haben wir diese Ausgabe des Messekalender erstmals zweisprachig deutsch/englisch realisiert. An einzelnen Stellen waren Kompromisse nötig und wir hoffen, dass trotzdem alle Informationen ausreichend transparent sind.

Dieser Messekalender ist auch elektronisch recherchierbar in der Messe-Datenbank unter **VDMA Messeservice Deutschland** bzw. **VDMA Messeservice weltweit**.

Einige **VDMA-Fachverbände** verfügen über eigene Messekalender bzw. Messelisten, die sie den Mitgliedern ihres Fachbereiches anbieten. Es sind u. a. die Fachverbände:

- Baumaschinen und Baustoffanlagen
- Forum Prozesstechnik
- Holzbearbeitungsmaschinen
- Kunststoff- und Gummimaschinen
- Marine Equipment and Systems
- Metallurgie
- Mining
- Organic and Printed Electronics Association
- Textile Care, Fabric and Leather Technologies
- Textilmaschinen
- Verfahrenstechnische Maschinen und Apparate
- Werkzeugmaschinen

In line with the international orientation of the trade fair business, we have realized this edition of the trade fair calendar in two languages German/English for the first time. Compromises were necessary in some places and we hope that nevertheless all information is sufficiently transparent.

*This trade fair calendar be searched electronically in the trade fair database at **VDMA trade fair service Germany** or **VDMA trade fair service worldwide**.*

*Some **VDMA trade associations** have their own trade fair calendars or lists, which they offer to their members. These trade associations include the following:*

- *Construction Equipment and Plant Engineering*
- *Measuring and Testing Technology*
- *Woodworking Machines*
- *Plastics and Rubber Machines*
- *Marine Equipment and Systems*
- *Metallurgy*
- *Mining*
- *Organic and Printed Electronics Association*
- *Textile Care, Fabric and Leather Technologies*
- *Textile machinery*
- *Process Plant and Equipment*
- *Machine tools*

Auslandsmesse- Beteiligungen der Bundesländer 2022

Ergänzend zu den Auslandsmesse-Beteiligungen des Bundes bieten auch die Bundesländer exportinteressierten Firmen Unterstützung an. In die Auswahl dieser Fördermaßnahmen ist der VDMA über seine Landesverbände weitestgehend eingebunden. Voraussetzung für die Förderung ist, dass das Unternehmen seinen Sitz im entsprechenden Bundesland hat. Zunehmend werden Kooperationen zwischen mehreren Bundesländern praktiziert. Für weitere Nachfragen wenden Sie sich bitte an Ihren zuständigen **VDMA-Landesverband** oder an die nachstehend aufgeführten Kontaktadressen der einzelnen Bundesländer:

Foreign trade fair participations by German states in 2022

*In addition to the Federal Government's involvement in trade fairs abroad, individual states also offer support for companies interested in exporting. VDMA is extensively involved in the selection of these funding measures through its state associations. To be eligible for funding, the company must be based in the federal state in question. Collaborations between multiple states are increasingly common. For further information, please contact the **VDMA state association** responsible for your location or use the contact addresses for the individual states as listed below:*
