

### Connected Machines Speakers Corner Hall B5, booth 224

| Day        | Time  | Topic                                                                                | Speaker                                                |
|------------|-------|--------------------------------------------------------------------------------------|--------------------------------------------------------|
| Tue, 24.06 | 14:00 | Cloud Reference Architecture                                                         | Erich Barnstedt,<br>OPC-Foundation                     |
| Tue, 24.06 | 14:15 | OPC UA for Robotics - Robot Control over OPC UA                                      | Suprateek Banerjee,<br>VDMA                            |
| Tue, 24.06 | 14:30 | OPC UA for robot skills and control                                                  | David Tobon,<br>Huawei                                 |
| Tue, 24.06 | 14:45 | Bridging the Gap: Enabling OPC UA VDMA Compatibility in Robotics                     | Lina Venjum,<br>Rocketfarm                             |
| Tue, 24.06 | 15:00 | Jede Minute Zählt - Einfache Einbindung von Industrierobotern                        | Michael Finke,<br>Mitsubishi                           |
| Tue, 24.06 | 15:15 | OPC-UA-Integration in .NET Made Simple (a Field Report)                              | Nico Decker,<br>CSP                                    |
| Tue, 24.06 | 15:30 | One Metrology Hub                                                                    | Tiberiu Dobai,<br>Carl Zeiss                           |
| Tue, 24.06 | 15:45 | Jobs effizient verwalten mit OPC UA Machinery                                        | Sebastian Friedl,<br>FVA                               |
| Wed, 25.06 | 10:30 | OPC UA Activities in VDMA                                                            | Zain Aabideen,<br>VDMA/MII                             |
| Wed, 25.06 | 10:45 | Cloud Reference Architecture                                                         | Erich Barnstedt,<br>OPC-Foundation                     |
| Wed, 25.06 | 11:00 | Asset Administration Shell (AAS) – the open standard for interoperable data exchange | Meik Billmann,<br>IDTA                                 |
| Wed, 25.06 | 11:15 | Panel Discussion: OPC UA and AAS in combination                                      | Erich Barnstedt, Meik Billmann<br>OPC-Foundation, IDTA |
| Wed, 25.06 | 11:30 | OPC UA in digitalen Ökosystem RoX                                                    | Felix Weidinger,<br>VDMA/RoX                           |
| Wed, 25.06 | 11:45 | OPC Certification and Success of Companion Specifications                            | André Schella,<br>Mahr                                 |

|              |       |                                                                       |                                           |
|--------------|-------|-----------------------------------------------------------------------|-------------------------------------------|
| Wed, 25.06   | 14:00 | Jobs effizient verwalten mit OPC UA Machinery                         | Sebastian Friedl,<br>FVA                  |
| Wed, 25.06   | 14:15 | OPC UA for Joining Technologies                                       | Mohit Agarwal,<br>Atlas Copco             |
| Wed, 25.06   | 14:30 | OPC-UA-Integration in .NET Made Simple (a Field Report)               | Nico Decker,<br>CSP                       |
| Wed, 25.06   | 14:45 | OPC UA for robot skills and control                                   | David Tobon,<br>Huawei                    |
| Wed, 25.06   | 15:00 | Connecting the world of machinery through umati                       | Zain Aabideen,<br>VDMA/MII                |
| Wed, 25.06   | 15:15 | Use cases and benefits of OPC UA in laser material processing         | Luisa-Marie Schäfer-Heine,<br>Laserline   |
| Wed, 25.06   | 16:30 | <b>"Meet the Expert" Get-Together</b>                                 |                                           |
| Thurs, 26.06 | 10:30 | OPC UA Activities in VDMA                                             | Zain Aabideen,<br>VDMA/MII                |
| Thurs, 26.06 | 10:45 | Jobs effizient verwalten mit OPC UA Machinery                         | Sebastian Friedl,<br>FVA                  |
| Thurs, 26.06 | 11:00 | OPC Certification and Success of Companion Specifications             | Alexander Allmendinger,<br>OPC-Foundation |
| Thurs, 26.06 | 11:15 | OPC UA for Joining Technologies                                       | Mohit Agarwal,<br>Atlas Copco             |
|              |       |                                                                       |                                           |
| Thurs, 26.06 | 14:00 | OPC Certification and Success of Companion Specifications             | Alexander Allmendinger,<br>OPC-Foundation |
| Thurs, 26.06 | 14:15 | OPC UA for Machine Vision - Control and System Dynamics               | Suprateek Banerjee,<br>VDMA               |
| Thurs, 26.06 | 14:30 | Object detection and picking with AI-driven vision systems via OPC UA | Michael Beising,<br>EVT                   |
| Thurs, 26.06 | 14:45 | One Metrology Hub                                                     | Tiberiu Dobai,<br>Carl Zeiss              |
| Thurs, 26.06 | 15:00 | Jobs effizient verwalten mit OPC UA Machinery                         | Sebastian Friedl,<br>FVA                  |
| Thurs, 26.06 | 15:15 | Connecting the world of machinery through umati                       | Zain Aabideen,<br>VDMA/MII                |
